This exhibit shares the history of women’s suffrage in Alaska and shows how national and local activism brought the vote to Alaska women citizens in 1913, seven years before the passage of the 19th Amendment to the US Constitution. Alaska’s Suffrage Star features the stories of Alaska women voting rights activists, from philanthropic miner, Nellie Cashman, to Tlingit educator,

Tillie Paul. This online exhibit is the companion to the traveling exhibit of the same name that is now making its way across the state.

## Women of Alaska

On Demand

<https://storymaps.arcgis.com/stories/5d018fa163684612ab4bd1a7c41814fe>

This exhibit is curated from the collections of the Alaska State Archives and Alaska State Library Historical Collections and contains a sampling of the many women who have not only survived, but thrived in times of hardship and discrimination, paving the way for future generations. We invite you to explore the stories of these women and reflect on their accomplishments, as well as those of the women in your own life.

For June, we suggest you watch:

[Author Talk with Daniel Lee Henry \[YouTube, 1 hr 53 min\]](#)

In his book, *Across the Shaman's River: John Muir, the Tlingit Stronghold, and the Opening of the North*, author Daniel Lee Henry explores Muir's relationship with Alaska and the Tlingit people. Drawing from Muir's unpublished journals and the author's interviews with 16 Tlingit elders, the book displays a profound intercultural dynamic rarely seen in American history writing.

Until we have resumed regular lecture hall activity, we'll be highlighting an At the APK video in future issues for your on demand viewing pleasure.
